Job Application, Interview & Recruitment

Imaginative work-related learning & enterprise training for students

Overview

An imaginative programme designed to convey the importance of the application form and interview in the selection and recruitment process. Practical tips for both completing a good application form and being interviewed. The importance of adopting a personal marketing strategy to increase employability, of having a positive attitude, tips on non-verbal communication and 'selling' oneself – in essence, getting people to say 'yes' to YOU. Experienced business professionals deliver the programme in a fast moving way that engages students, using an imaginative combination of high and low-tech teaching methods.

Student Year Groups

All students in years 10, 11 and 12.
(Up to 120 students per session)

Programme Duration & Options

Half Day (around 130 minutes for each session)
Whole year group covered in two sessions – AM and PM. Timings adjusted to fit school timetable. Giant Impact programmes offer flexibility to mix 'n' match programmes to suit individual needs. The modular design allows Job Application, Interview & Recruitment to work particularly well with all other modules such as Enterprise, Practical Sales & Marketing, Sixth Form Team Building & Gelling and Study for Work. All programmes can be tailored to meet individual needs.

Learning Outcomes

The programme gives students a clear and practical appreciation of how to prepare for a job or further education interview. The programme reinforces the importance of being enterprising and entrepreneurial. The key skills of communication and teambuilding are woven into this fast-moving programme, designed to deliver work related learning at KS4.

School Resources

Assembly or sports hall with small worktables and chairs. Small quantity of stationery. Data projector and screen. Three members of staff to support two experienced presenters.
